

# KARTIK INSPIRATIONS 2018

THE BODY OF SRILA PRABHUPADAS  
INSTRUCTIONS IS VERY LARGE.  
THERE IS A PLACE FOR YOU.

DAY 30 · 22 NOVEMBER, 2018

## FIND YOUR “JALADUTA-MISSION”

There is only one more day left in the month of Kartik. It is a good point in time for us to harvest our realisations and translate them into something practical. I have an inspiration in this regard.

Recently we celebrated Srila Prabhupada's disappearance festival at the Bhaktivedanta Ashram, just by the side of Govardhan Hill. Several Prabhupada disciples were present and spoke about their offerings to Srila Prabhupada and their realisations. Interestingly, a golden thread ran through the individual minds and realisations, this was “*Find your Jaladuta*”.

Srila Prabhupada had received an instruction to go to the west from his spiritual master and he took a ship called “*Jaladuta*” (“*water messenger*”) and no matter the obstacles he encountered, both on the journey to America and once he got there, he held on tightly

to the instruction of his spiritual master. Thereby he received the energy from his spiritual master that helped him overcome all difficulties. Each one of us needs to decide: will I live life on the basis of the mundane strength of my body, mind and talents or do I want to access divine strength? Following the orders of a pure soul will help you to access divine strength.

Anyone who has followed Srila Prabhupada's instructions has witnessed miracles in their life. Not by their own strength, but by witnessing the *shakti* of Srila Prabhupada. The ship, the body, of Prabhupada's instructions, is very large. There is a place for you. Even if you need your own little cabin, your privacy, individual expression, look for an instruction, hold it tightly and you will see how divine strength will move you, so that also for you the word “*impossible*” no longer exists.
